James E. McWilliams - Wikipedia

James E. McWilliams (born 28 November 1968) is Professor of history at Texas State University. He specializes in American history, of the colonial and early national period, and in the environmental history of the United States.

American Pests (Audiobook) by James E. McWilliams ...

Inspired by the still-revolutionary theories of Rachel Carson's *Silent Spring*, James E. McWilliams argues for a more harmonious and rational approach to our relationship with insects, one that does not harm our environment and, consequently, ourselves along the way. Beginning with the early

American Pests: The Losing War on Insects from Colonial ...

James McWilliams explores the never-ending war on bugs waged by Americans. Beginning with "word of mouth" vernacular solutions to pest control, Americans learned to use science (first biology--fail?--and then chemistry) to control and eradicate pesky insects at home and in their fields.
