The image of "Third World Woman" victimhood is one that runs through discourses in Western feminism, the fields of gender and development and also the activities of NGOs.

Challenging the NGOs: Women, Religion and Development in ...

Tamsin Bradley examines the interfaces between religion, gender, anthropology and social development and focuses on the operation of grass roots Non-Governmental Organizations. She argues that these agencies need to adopt a new methodology if they are to increase efficiency. This is made clear in a series of ethnographic case studies documenting the experiences of three Rajasthani village women.

Bradley's extensive fieldwork, on grassroots NGOs in rural

Indian Rajasthan and Western donor organisations, combines with a compelling critique of development theory and practice. She constructs a more inclusive methodology, to encourage development workers to listen to the needs of those they seek to help.
