Principles of International Environmental Law: an Overview

Principles of International Environmental Law: an Overview Liu's Paradell-Trius INTRODUCTION: A WORD OF CAUTION A general overview of the principles of international environmental law is best approached with a certain degree of caution. First, international environmental law principles can hardly be dissociated from the politi-cally sensitive and complex

issues surrounding the notion of

Emerging Principles of International Environmental Law ...

Two scholars who understand this conflict are Elli Louka, in *International Environmental Law: Fairness, Effectiveness and World*, and Sumudu Atapattu, in *Emerging Principles of International Environmental Law*. They have each prepared extensive, thoughtful analyses that explore the legal and political forces behind the ongoing tension between environmental and development interests. While the
