Milutis deftly weaves the origins of electrical science with alchemical lore, nineteenth-century industrialism with yogic science, and network space with dreams of the absolute. Linking the ether to phenomena such as radio noise, space travel, avant-garde film, and the rise of the Internet, he lends it an almost physical presence and currency.

Project MUSE - Ether

In Ether, the histories of mysticism and the unseen merge with discussions of the technology and science of electromagnetism. Joe Milutis explores how the ideas of Anton Mesmer and Isaac Newton have manifested themselves as the inspiration for occult theories and artistic practices from Edgar Allan Poe's works to today.
