Growing Moral Relations | SpringerLink

New scientific and technological developments challenge us to reconsider our moral world order. This book offers an original philosophical approach to this issue: it makes a distinctive contribution to the development of a relational approach to moral status by re-defining the problem in a social and phenomenological way.

Mark Coeckelbergh: Growing Moral Relations, Critique of ...

Critique of Moral Status Ascription, Mark Coeckelbergh develops a very critical view on these main streams of animal ethics, especially on consequential and deontological thinking, and to a lesser extends also on virtue ethics. Instead of such lines of reasoning, he argues for a relational approach to the question why non-human animals have moral standing.
