The role for scientists in tackling food insecurity and ...

To adapt to climate change and ensure food security, major interventions are required to transform current patterns and practices of food production, distribution and consumption. The scientific community has an essential role to play in informing concurrent, strategic investments to establish climate-resilient agricultural production systems

Monitoring African Food and Agricultural Policies | Kenya ...

Monitoring of African Food and Agricultural Policies (MAFAP) project is a joint undertaking between KIPPRA, Food and Agriculture Organization (FAO) and Kenya Agricultural Research Institute (KARI). The project intends to help policy-makers and other stakeholders ensure that policies and investments are fully supportive of agricultural development, the sustainable use of natural resources and

Impact of Agricultural Research: A Study of On-Farm ...

Agriculture and Food Security. The findings reported in this study are based on a review of the two zones. The latter, in particular, paid attention to the adoption of selected rice research-based innovations, impact of rice research on food security, and the economic costs and benefits of rice research. The review of the impact studies

South African Food Security and Climate Change ...

The effects on food security in South Africa, measured as average caloric intake per person and malnutrition in children under the age of five, depends more on the assumptions regarding population and GDP growth than on climate change, since the study assumes that local shortages will be balanced by increased imports, if they are affordable.

if **ABSTRACT household food security has not been measured ...**

Crop production is widely promoted as a solution to food insecurity, but its real impact on household food security has not been measured in South Africa. Small-scale production is a common practice for many rural poor households of South Africa. While agriculture may play a major role in reducing food insecurity, agricultural growth alone
