Information Coding in the Health Domain

**Medical informatics, e-Health : fundamentals and ...**

Medical informatics is a complex and rapidly changing  
discipline. Relatively few books have been published on  
the subject, and they rapidly become obsolete. This book is  
the fruit of a collaborative effort between authors teaching  
medical informatics in France and others who are  
conducting research in this field. In addition, an  
international perspective was pursued, as reflected in the
