Mental Causation, by Anthony Dardis, | Mind | Oxford Academic

In this book, Anthony Dardis discusses the problem of mental causation and offers a solution to it. The problem of mental causation is conceived here as the problem of reconciling two appealing views about the mental that seem to be in tension.

Mental Causation | Columbia University Press

This conceptual knot, the mental causation problem, is the core of the mind-body problem, closely connected to the problems of free will, consciousness, and intentionality. Anthony Dardis shows how to unravel the knot. He traces its early appearance in the history of philosophical inquiry, specifically in the work of Plato, Aristotle, Descartes, and T. H. Huxley. He then develops a
