Play Dirty is another Sandra Brown winner for me. Honestly, I didn't expect to enjoy it as much as I did. I read the blurb, pieced a little bit together, and I wondered if this story was going to work for me.

I totally enjoyed the book, Play Dirty. The book was well written, the character development great and had a narrator who did a great job. Would I encourage a friend to purchase this book, absolutely. The theme of this story appears too outrageous but was a great listen. There was action and suspense incorporated throughout the book.

I used to play Hearts a lot when I was younger, it was one of the games that came with every version of Windows. I wanted to be able to play Hearts online, and just didn't think all the hundreds of other versions of Hearts would do! Of the card games I've made, Hearts is probably my favorite. At least I play it a lot more than the others.
