Public transport planning - Wikipedia

Public transport planning or transit planning is the professional discipline responsible for developing public transport systems . It is a hybrid discipline involving

aspects of transport engineering and traditional urban planning. Indeed, many transit planners find themselves involved in discourse with urban-land-use issues such as transit

Public Transit Planning and Operation: Modeling, Practice ...

Public Transit Planning and Operation: Ceder received his PhD in 1975 at the University of California at Berkeley, and he is professor and chair of transportation at the University of Auckland, New Zealand, and at the Technion Israel Institute of Technology. He frequently delivers courses on public-transit operations planning in Asia, Europe, Australasia, and the United States. His **Professor Avishai Ceder - The University of Auckland** He wrote a book *Public Transit Planning and Operation: Theory, Modelling and Practice*, Elsevier, Oxford, UK, 2007; this book was translated to Chinese by the Tsinghua Publishing Press in 2010; the 2nd Edition of the book by CRC press appeared in 2016 (with 40% additional materials over the 1st edition), was translated to Chinese by the Tsinghua Publishing Press in Beijing in 2017, and is
