**The bamboos of the world ; annotated nomenclature and ...**

Ohrnberger has prepared a particularly useful reference volume for researchers, plant collectors, horticulturists, botanical garden staff, and anyone else working with bamboo plants. It is a systematic listing of current scientific names and geographic distributions for all known taxa, with extensive taxonomic and nomenclatural literature references.

mincetapes: DoDecaDance, or; YO2012O

I srsly agonized over this one, both before and after its very successful debut on new years eve. upshot being a) i have zero psychic space/distance from it at this point however b) i think it's a darn good one, especially after being initially dubious about 2012 having really brought

the goods (still feels a bit anemic on the mega-pop tip, but
