The Emperor of Scent Chandler Burr review by Alan Prince, February 2003 Biophysicist Luca Turin was born with an incredible sense of smell. He can identify the ingredients of thousands of scents right down to their individual molecules. Turin's study of smell resulted in the revolutionary theory that it's not a molecule's shape but its vibration that produces scent. The implication of these [The Emperor of Scent: A True Story of Perfume and ...](#) The Emperor of Scent is a fascinating, fun to read account of a man out on the scientific fringe.
